

Easter Activities and Workshops at MathsCity

A colorful banner for MathsCity Leeds Easter Activities. The top part features a row of mathematical symbols: 2, pi, a triangle, 8, =, ÷, a circle, 5, ≥, and a diamond. Below this is a blue bar with the text 'MATHSCITY LEEDS' and 'EASTER ACTIVITIES!' in white. The bottom part is orange and lists various activities with dates, accompanied by small images of marbled eggs, origami rabbits, and friendship braids.

MATHSCITY LEEDS
EASTER ACTIVITIES!

Leonardo Dome: Sat 2nd, Sun 3rd & Sun 10th April
Egg Marbling: Mon 4th, Sat 9th & Mon 11th April

Origami Rabbits: Thurs 7th, Tues 12th & Thurs 14th April
Spirograph Egg Decoration: Fri 8th & Weds 13th April
Fibonacci Rabbits: Fri 15th April
Friendship Braids: Sat 16th, Sun 17th & Mon 18th April

We're giving you eggs-tra reasons to get excited about a trip to MathsCity this Easter!

From Saturday 2nd April right through to Easter Monday, you'll be able to get involved in loads of fun additional activities – included in the ticket price.

Explore the fascinating theme of patterns in our interactive workshops that include crafts, construction, and mesmerising experiments.

Easter Programme of Events:

Leonardo Dome - Saturday 2nd, Sunday 3rd & Sunday 10th April

Get hands-on by helping us to construct a giant dome using interlacing wooden sticks. Fun to build, and even more fun to destroy at the end!

Egg Marbling - Monday 4th, Saturday 9th & Monday 11th April

Using awesome rotating fluid tanks, experiment with making beautiful liquid patterns to create marbled eggs as perfect Easter decorations.

Chladni Plates – Tuesday 5th & Wednesday 6th April

Discover the hypnotic cocktail of sound, sand and vibration! Using resonating metal disks, you'll create amazing wave patterns with our special Chladni plates!

Origami Rabbits – Thursday 7th, Tuesday 12th & Thursday 14th April

You'll be hopping for joy when you master paper-folding to create your very own origami bunnies in this Easter crafts session.

Spirograph Egg Decoration – Friday 8th & Wednesday 13th April

Draw some amazing geometric patterns using the iconic Spirograph and create unique egg decorations in this dizzyingly fun workshop!

Fibonacci Rabbits – Friday 15th April

More spiral fun in this Fibonacci workshop where you'll explore the patterns and sequences in nature. Can you predict how many bunnies a rabbit will have?

Friendship Braids – Saturday 16th, Sunday 17th & Monday 18th April

Get crafty over the Easter weekend - learn how to make beautiful friendship bracelets and explore different symmetries. Will you use chevrons, stripes or zigzags?
