

MATHSCITY LEEDS

Take part in MathsCity's egg-citing extra activities this Easter holiday!

Discover how density combined with surface and interfacial tension can create mesmerising patterns with our Easter egg decoration marbling activity!

On top of this, explore the centre in a hunt for hidden eggs, with a range of egg-cellent prizes available for those who can tell us which exhibits they are located by...

[BOOK NOW](#)

Open 10.00 - 17.00 everyday
between the 5th and 20th of April!
