

MATHSCITY **LEEDS**

CURVES & CODES

Join us this May half
term for a celebration
of all things
encryption and
curvature!

In celebration of mathematician
Mary Everest Boole, you can stitch
your very own parabolic curve using
straight lines!

NEW EXHIBITS!!!

Be the first to try a range of new exhibits within
the centre focussed on code breaking and Our
Chaotic Earth... Can you crack the code?

[BOOK NOW](#)

Open 10.00 - 17.00 everyday
between 24th May and 1st June!
